CentralReach®

Access All Your Information

Online. Anytime. Anywhere.

View your scheduled appointments, sign provider timesheets, pay your invoices*, access your session notes & documents, collect clinical data and communicate with our staff securely via the newly redesigned Client Portal.

Request Access to the Client Portal Today:

1. Using the username provided by your therapy team:

- Visit login.centralreach.com
- Click forgot password and follow the process in order to set up a new password and your Client Portal account. Once you complete this process your username will be your email address.
- Enter your email and new password to access your client portal.

2. Alternatively, your therapy team may instead send you an email with your Client Portal info. In this case, follow the process detailed in the email to get your account set up.

**Some functionality may be disabled in the Client Portal based on the services provided by each individual therapy practice.*

Schedule

View all of your scheduled appointments and manage your availability.

Billing

Electronically sign timesheets after services are rendered, view and pay your outstanding patient responsibility balances and register your credit card information to quickly process future payments.

Messages

Communicate rapidly and securely with our staff members and service providers and opt-in to email or text message notifications to keep track of account updates.

Clinical

Access your Learning Trees & Sessions and streamline your data collection processes at home, reporting data in real-time.

Files

Easily view and download your session notes, evaluations, authorizations & more.
